NEW LEGACY DUTY.

For the *Prevention* of mistakes and inconveniences in the receipt and payment of legacies and shares of personal estates, in pursuance of an act of the 36th year of his present Majesty, cap LIII the parties concerned are desired to take notice,

That the duties granted by the above act do not attach upon legacies and personalty left by testators and intestates, who died on or before the 26th April 1796 :

That legacies under the amount or value of L 20 & shares of personal estates under the clear value of L 100, are subject only to the former duties :

That the duties upon legacies and shares of personalty taken by husbands, wives, children, and grandchildren, or any lineal descendants, remain also unaltered by this act :

That *stamped receipts* must therefore continue to be taken as before, for payments in the several cases before mentioned; which stamps may be had, as usual, at the head office, and at the offices of the several distributors and sub-distributors in the country; But

That, in all other cases, receipts must be taken on unstamped paper or parchment, and must, within twenty one days from the date, be brought to the head office in London, or to the said distributors or deputies, in order to their being stamped; and the duty must be paid on leaving such receipts.

The NEW DUTIES payable are,

L2 per cent. on all legacies, specific and pecuniary, of L20 value or amount, or more, and on every clear residue or share of the clear residue of a personal estate, or share therein, of the amount or value of L100 or upwards, given or passing to brothers or sisters of the deceased, or their descendants.

L3 per cent. on ditto to uncles or aunts, or their descendants.

L4 per cent. on ditto to great uncles or great aunts, or their descendants

And L6 per cent. on ditto to any other collateral relation, or any stranger in blood to the deceased

Executors, &c are to deduct the duty on payment or delivery of legacies or shares of personalty to the parties entitled; and are also chargeable with duty on their retaining, in a due course of administration, any money or effects to their own use.

The receipts for legacies, &c. are to contain the names and additions of the testator or intestate, the executor or administrator, and the person receiving; also the amount or value of the legacy or residue, and of the duty thereon.

Executors or administrators satisfying or compounding legacies or shares of personalty, without taking a receipt in writing, and producing it to be stamped within the time prescribed as above, and legatees and others receiving such legacies and shares, and not giving a receipt, *dated on the day of signing, and in which the duty shall be expressed to be allowed*, forfeit respectively L10 per cent, on the amount of such legacies and shares.

Executors, &c. retaining personalty for their own use, and neglecting to account for and pay the duty within fourteen days after such retainer, forfeit treble the amount of such duty.

All plate, furniture, and other specific articles of personalty, are subjected to the duty. The party liable in respect of these may set a value thereon, and offer the duty accordingly, which the Commissioners may, at their option, accept: If they decline it, they may appoint an appraiser, and assess the duty by his valuation; which assessment the party liable may (at the hazard of paying costs upon its being confirmed) have reviewed by the Commissioners of land tax for the district, giving six days notice of appeal, and leaving fourteen days between the making of such assessment and the sitting of the Commissioners; or the party liable may at his option, have an appraiser appointed by the Commissioners of the stamps at his expence.

Annuities are to be valued by tables annexed to the act, and the duty paid by annual instalments out of the first four years receipts.

Legacies, the value of which can only be ascertained by application of the fund allotted for their discharge, are liable to duty, from time to time, on such actual application, as separate and distinct legacies.
